TITLE: THE FATHER'S LOVE

John 3:16

Our theme scripture speaks of God loving the world so much that He gave His only begotten son. In other words, it is the Love of God that dictated the coming of our saviour Jesus. When God so loved, He gave. And it had to be the love of God to bring the saviour because it is this love that empowers men to believe and receive.

Beloved, It does not matter how much God offers a man, if that man does not have appreciation for the Love that God has for Him, he will neither believe nor receive what is offered him. This was the case with the brother of the prodigal son, who failed to enjoy his portion because he did not know of the Father's love. God loves you; acknowledge it and you will thrive.
