TITLE: LIFT UP HOLY HANDS

1 Timothy 2:8

God instructed Moses at the battle of Rephidim, to keep his hands raised up for the victory of the Israelites. As long as his hands remained up, Israel won. Even when he got tired, he sat down and got young men to keep his hands held up. This was because lifted hands work as channels for the reception of the workings and power of God.

For this reason brethren, we are exhorted by our theme scripture to pray lifting up holy hands, having no doubt in us that the Father will work as He promised to do. Like it was with Moses, as you lift up your hands, you get grounded in victory. Therefore, do not take it lightly when you are instructed to lift up hands, you are channeling the power of God to work in your life.

Further Study:

Exodus 17:8-12

Meditation Notes:

"When you lift up hands, you are channeling the power of God to work in your life."

Prayer: Glorious Father, I lift up holy hands today without any doubt in my heart that all that I ask and pray for will be granted in Jesus' name, amen.
